PRESIDENT PRATTLES...

Scott Mann → president@northeasterncarclub.com.au

G'day folks,

The silly season is warming up...

As the weather starts to warm up, so to does the silly season!

Championships are decided, fire restrictions are declared, end of year work functions are planned, and our club looks to the AGM and presentation nights.

It all starts in October with the last rounds of the VRC and VCRS championships. I suspect that at the time of writing this, the VRC we have been decided and the VCRS will be decided shortly thereafter. Congrats to all who have participated throughout the year and those who have enjoyed success.

In November we see the last round of the club's Khanacross series, Round 5 (Nov 21st). John Bell has been able to book in a visit to Brad Jones Racing in Albury (Nov 13th) and Ray Wingrave will be conduct the club's inaugural 'Learn to Drive' day on November 10th at the club rooms. See elsewhere in this edition for details.

In December we kick off the month with the club's AGM on December 4th followed by the annual presentation dinner on the Friday (Dec 6th). This year's presentation dinner will be held at the 'Northo' hotel (North Eastern Hotel) in Wangaratta.

Again, details of this night will be elsewhere in this edition.

The AGM will again provide all members with a review of the club's activities over the past year along with the presentation of the club's financial statement for the year.

The club will be seeking nominations from members to stand on the committee for 2020. All positions will be declared vacant. A brief praise of each position and the key attributes should be printed elsewhere in this edition.

I would again ask each member to consider what they might be able to offer in terms of representing the members as a member of the club's committee.

Your contribution will help steer this club into the future. Nomination forms should be printed within this edition.

If you're unsure of what the committee does, please ask.

On a different note, I need to extend another shout out to Cody Richards, Matt Dillion and the Richards Rallysport Team for their continued efforts to raise awareness for mental health via Beyond Blue. My understanding is that at last posting, the team have raised over \$10k for Beyond Blue. Congrats and well done to all.

Looking beyond the Christmas – New Year, our club will be starting off with another busy month in February with the Show Us Your Car Night (SUYCN) on Feb 5th. This is followed by the first round of the VRC run co-jointly with AWDC, the Mitta Mountain Rally is currently scheduled for Feb 29th (subject to finalisation of the rally calendar). Keep an eye out for calls from the organising teams for assistance. These are both hugely successful events that do require lots of help in the lead up and on the ground. Let's make them a great success again in 2020.

Well that pretty much wraps it up for this month. I hope to see many of you at any one of our events in November.

Until then, safe travels.

WORKING BEE

Saturday, 2nd November 2019

9am-2pm

It's time again for our annual Working Bee. If you could spare a few hours on Saturday 2nd November, please drop by the Clubrooms to help out. BBQ lunch will be provided.

Things we need done:
lawn mowing & grass trimming +
general clean up of the club grounds

For more info: **Scott Mann: 0409.836.440**

NECC COMMITTEE POSITIONS

Committee Positions and Descriptions

EXECUTIVE COMMITTEE

President

Some duties may include:

- prepare agendas and chair all meetings;
- arrange the trophies and guest speakers for the annual presentation;
- attend as many Club functions, activities and events as possible;
- be completely familiar with the Constitution and general Club policy;
- prepare the Presidents Annual Report for the club's AGM;
- and prepare a monthly report for the magazine

Vice President

Some duties may include:

- chair meetings of the Club when President is absent;
- maintain a forward planning calendar;
- Liaise with event organisers in the development of new and existing events for the club and its members;
- manage nominations for Committee elections;
- manage nominations and voting for the Club Champion award;
- maintain points score for club championship awards.
- maintain the Club's Asset Register;
- management of club's equipment.

Secretary

Some duties may include:

- maintain minutes of all proceedings at meetings;
- clear the Club's mail box.
- receive and attend to correspondence;
- responsibility for all matters associated with the Club's affiliation and association with CAMS and AOMC;
- keep, record and maintain the Club's files;
- organize the Annual Report for distribution at the Annual General meeting.

Treasurer

Some duties may include:

- management of all monies received and paid out by the Club;
- generate and provide monthly financial reports to the committee
- preparation of annual financial statement prior to the AGM;
- management, maintenance, insurance of Club equipment;
- review of budget/ balance sheets submitted by event organizers and reporting on such to the Committee;
- Proper allocation of Club funds.

GENERAL COMMITTEE

Membership Secretary

Some duties may include:

- correspond with prospective new members;
- enrol new members and collect the fees;
- report on progress of membership renewals;
- maintain a current membership list;
- supply Editor with mailing details for the magazine;
- assist Club Permit Officer with membership information as required;
- assist Secretary as required;
- take minutes of meetings if Secretary is absent.

Junior Member Liaison Officer

Some duties may include:

- provide monthly updates to the club's junior members;
- advocate for junior members and their needs within the club;
- attend as many of the club's events where junior members may compete.

Social Event and Social Media Liaison

Some duties may include:

- maintain the club's facebook page with relevant content;
- maintain the club's Instagram and Twitter feeds (where applicable) with relevant content;
- provide media information to the editor for inclusion into the Good Oil and onto the club's website page;
- oversee (not necessarily organise) social events for the club;
- attend as many club functions as possible

Editor/Webmaster

Some duties may include:

- manage the publication of the Club magazine;
- promote submissions of articles from members or other persons as appropriate;
- manage submission of reports from Committee members;
- edit all material for the magazine;
- arrange typing of all material for magazine;
- arrange printing, compilation, addressing and mailing of magazine;
- manage advertising in the magazine;
- maintain a current mailing list including members, advertisers, clubs and organisations as appropriate;
- maintain a magazine archive (one copy of every magazine and newsletter for permanent record);
- place committee nomination forms in the October and November magazines; and
- maintain the club's website page and the content within.

Ordinary Committee Member

Some duties may include:

- provide input to committee meetings;
- provide assistance to Vice President with the following;
- equipment management
- asset register
- club championship point scoring
- provide assist to other committee members as required

NON-COMMITTEE APPOINTMENTS

The following position will not be a formal member of the committee. This position will however provide reports and information to the committee as required.

Club Permit Officer

Some duties may include:

- oversee the management of Club Permits for the club;
- act as liaison between club and Vicroads in relation to this scheme.

Club Championship Scorer

Some duties may include:

- Nomination events for club championship rounds
- Management of club championship scoring matrix
- Collection of results and attendance lists
- Compilation of championship pointscores

2020

N.E.C.C Annual

SHOW US YOUR CAR NIGHT

6.00 - 8.30PM | WEDNESDAY | 5TH FEBRUARY

North Eastern Car Club grounds, Nolan Lane, Tarrawingee VIC 3678

VOLUNTEERS WANTED

Our annual "Show Us Your Car" night is quickly approaching and we need to start planning for what is one of the Club's biggest public events. This event continues to get bigger and bigger as the years go by (which is an indication of its popularity) but that means we need more volunteers to help run it.

So, if you can offer an hour or so of your time on Tuesday February 4th to help us set up and/or on Wednesday February 5th (the afternoon of the event), please let Ron Woodward or one of the committee members know. There are lots of small jobs to be done to set the show up on the Tuesday plus there are a heap of things to do on the Wednesday of the actual event. These include assisting with parking, displaying cars, selling food and drink, 'gophering' and so on. Volunteers are required for as little as an hour.

Yes, we know it's still months away yet but your early offer of assistance will make it easier on us all. Please put your hand up and support the club. Don't leave it all to the other person – please buck in and do your bit.

For More Information: Ron Woodward | 0400 250 861 | suycn@northeasterncarclub.com.au

NECC CAPS AVAILABLE NOW!

Quality cotton cap with embroidered NECC logo

MY CAR

Ron 'Woody' Woodward

The lack of member contributions to "The Good Oil" was raised at the recent club meeting. Ross Runnalls has suggested we start a regular column with the title "My Car", where members, particularly those with something special on club plates, tell us stuff about a car they currently own that we may not know about and could be interested in. If you wish to contribute to, please send your 'My Car' stories to the Editor - editor@northeasterncarclub.com.au

My first rally car was a Datsun 1000 coupe which I built up in the mid 1980's. After about a year and about 5 events I decided I needed something a little better and went for the big banger (no, not a Datsun 1600 as most people recommended but a 1200 coupe) I sourced the car from Graham Handley (Handles), a long standing member of the club who unfortunately past away some years ago. Graham had an obsession with rescuing small Datsuns, tidying them up and then passing them on to a good home, often other club members.

and a number of navigational trials and club level events run in. The Datto was progressively updated over the years with better brakes, suspension and numerous engine rebuilds. In latter years the mechanical Halda distance recorder was replaced with a modern electronic Terratrip. Setting up the Halda with numerous gears to read accurately was a black art known only to a chosen few, whilst the Terratrip was much easier. Over the years I had numerous club members and family members sit next to me as my navigator (now known as co drivers). There were too many for me to mention, however several that spring to mind. Mark Richards navigated for me in a lot of earlier rallies and he taught me a lot as he was a very good driver in his own right. Tom Kaitler navigated in several all navigational trials including the mother of all trials known as "The Experts. These events generally ran all night (twelve hours or more) and required the navigator to have very good map reading skills, another black art known mainly by the same group who could set up a Halda. In my last few events my son James navigated which was good and he showed some promise until a move for university intervened.

The car was also used for numerous motorkhanas, khanacrosses, touring assemblies run by the NECC and fun days and sprints at Winton. Both my boys learnt to drive in the Datsun and competed in some club level motorsport in it. I still own the Datto and although

Converting the car for rally duties took about twelve months of my spare time and with a single income and growing family the budget was fairly tight. What transpired was a fairly basic rally car that was economical and reliable. It was at this time that regulations changed from Group G to PRC (production rally car). Under group G almost anything went regarding vehicle modifications whereas modifications under PRC were quite limited, particularly in regard to engine modifications. Although widely disliked by most competitors PRC certainly evened out the field and allowed competitors such as myself a better chance of achieving some reasonable results.

The little Datto was used for rallying continually for about fifteen years and in that time, there wasn't a DNF due to mechanical breakdown. The majority of events competed in were part of the Riverina North East Rally Series, a great series which combined events run by the Wagga club, Albury- Wodonga club, NECC and Shepparton club. There were at least five events a year (sometimes six or seven) of a standard similar to the current VCRS. I consider myself very lucky to have been competing when this series was happening. There were also several Victorian Championship events

it is no longer used for rallying it gets a regular outing at khanacross events at Carboor. The two photos show the car when used for rallying and more recently at a khanacross at Carboor.

KHANACROSS SERIES 2019

Ray Wingrave → khanacross@northeasterncarclub.com.au

CARBOOR RECREATION RESERVE

- Final round for 2019
- Sunday 17th November
- 9am book-in for 10am start
- Food & snacks available at the venue

Ray Wingrave 0403 932 515

TARMAC RALLYING STAGE CREW

Get there late and meet the team, Good people with all relaxed, chatting and comfortable about the few days ahead.

General meeting Friday on requirements of the team out on course and who will be doing what, where, and the question becomes obvious of who knows how to professionally run the show!

Drive the course in convoy checking for gate and road closures, safety bunting, SOS Points and familiarise yourself for where you will be spending a lot of your Saturday and Sunday.

Back to Rally Headquarters and Scrutineering begins with the necessary checklist, longer, than your arm, lots more than track requirements. Remember two people, almost two of everything, Apparel, Extinguishers, Safety triangles, kitty litter, first aid kit, roll cage, Harness, Brake pedal, everything secure under bonnet, good fluid levels, Rally Safe, God, did we miss something? Paperwork shuffled from competitors to control and ready to race stickers applied. All cars checked and off to Drivers briefing to be part it and to show the competitors who will be watching their backs for the event. Allocation of jobs/positions on the course, Safety cars, stewards car, Rescue vehicles, coms for positions, as this is

bigger than Ben Hur and it has to be, these people play for sheep stations as they had to sell their previous one to compete in this one!!

Race Day!! Up at Sparrows, out to Rally Base by 7.00am for on course by 7.30. Bunting up, roads closed, Signs out SOS Charlie ready for the Rumble! Running sheet for the days showed several passes of the cars and with them coming straight at SOS Charlie I was excited!!

Crackle, Click, Click, Course Car, Stewards Course is Amber, Green, Live, start, set them on their way.

I could here it echoing across the valley and caught glimpses of something hurtling past the trees a k away then as it came into full sight straight at my checkpoint the sound of the Viper scrambling for traction raised the hairs on my neck and the attitude of the car as it growled at everything around it was breathtaking. As the group of many cars flew through there was a very special feeling of being the guardian of an angry corner that was being tamed by these beasts that trampled through on song, with precision, speed and efficiency of the stopwatch!

That Audi had some sting, the Evo's looked and sounded efficient and the M2 swished through with little fuss followed by several well, noisy Rex's a Commodore and an early Capri keeping the Ford end up with the Focus. Some

vehicles seemed more aggressive than others yet they all got through my check point cleanly.

There was also a feeling of safety and oneness as we had done our job of controlling the Course while they were doing their job of controlling their traverse through a very demanding piece of Road. Unfortunately, some vehicles succumbed to mechanical gremlins and one to the course, fortunately the safety aspect kicked in and the vehicles occupants were taken care of swiftly and efficiently. By days end the competitors were down by 3!

Race Day 2!! Crackle, Click, Click, Amber, Green, Live let Em Rip!!

The roar across the valley and the echo signalled the start proper and the Competition group had settled itself from the overnight placings, some up the grid and some down yet all determined on improving their positions during the day which had longer runs on offer.

A photographer had set up camp opposite my base with two cameras to capture all of the action he could, both coming and going which I am sure will be appreciated by the competitors and re-run many times post event.

My checkpoint just happened to be on the drive of a local resident who was happy to have the Rally go past his place and he spent quite some time watching the event with me between ducking off to tidy up bits and pieces of his farm and on several occasions returning with a welcome thermos of coffee for me to enjoy. A very nice and appreciated gesture!

Not everyone had their cranky pants on!

Several vehicles thanked us check points as they whizzed past with a much appreciated nice touch of a toot on the horn!

Before we knew it the forest went silent apart from, Crackle, Click, Click, Rally base to SOS Charlie last car has completed the course you can clean up, come in to Rally base and sweep the course on your way home. Will do, Over!

Woo Hoo! a couple of fantastic days in the bush watching some very good motor cars and their very good drivers showing fantastic skills and abilities and I believe we ended the weekend only down 6 cars with a total of 21 completing the event and being able to be driven onto the trailer, Well done to everyone.

The drive back to Rally Base was reasonably slow as we swept the course for gate bunting, timing equipment and anything associated with the Rally, (leave it as you found it)!

Unfortunately the lot of the race control crew who were still out picking things up and or packing things away means they don't get to the race finish presentation at Rally Headquarters to see who won what and to hear the various stories of how everyone went.

These Tarmac Rallies take an awful lot of peoples time in organising pre, during and post, that cannot be underestimated as without this time spent the event would not be as safe and successful as it is and these people need to be applauded for their interest and dedication to such events!

Overall a fantastic experience, with a terrific group of like-minded people who give their time so others can indulge in their passion for speed on a closed road in the safest possible way!

Would I do it again, You Betcha!

CLUB PERMIT SCHEME

Ron Woodward → cps@northeasterncarclub.com.au

PERMIT RENEWALS

The following vehicles on the Club Permit Scheme are due for renewal.

NOVEMBER 2019

Karen Bartlett	18148 H	27/11/2019

David Morris	9593 H	29/10/2019
Thomas Carriera	73604 H	06/10/2019
Robert Ballard	84867 H	19/10/2019
Rick Schaefer	94607 H	24/10/2019
Reece Masters	70702 H	28/09/2019
James Stanistreet	84850 H	22/09/2019

PLEASE NOTE:

If you have a car on the Club Permit Scheme and you don't renew your club membership on the due date, your registration will be automatically **INVALIDATED** until your membership is brought up to date.

PERMIT SIGNING

Both club permit applications and renewals will only be signed in one of the following two ways:

1. During the hour prior to commencement of a monthly general meeting (first Wednesday of each month excluding January). Meetings commence at 7.30 PM.
2. Sent by mail to **Ron Woodward at 28 Lauriston Avenue Milawa VIC 3678**. Renewals must include vehicle condition report form (download form from club web site) and a stamped self-addressed envelope. Due to longer mail delivery times, please allow a 2-week turnaround time.

Note:

Please contact **Ron Woodward [5727 3407 or 0400 250 861]** to discuss any new vehicle applications prior to commencing application process. Please refer to details below regarding eligibility of new applications.

NOTICE TO ALL CLUB PERMIT HOLDERS

Due to the change in the frequency of committee meetings, I will no longer be available to sign Club permit paperwork prior to those meetings.

I will remain available prior to general meetings (6.30 - 7.30 pm) to sign paperwork and the mailing option will still remain available.
